

LOS ANGELES HAS A BODY OF MEN ON THE TRAIL OF THE DYNAMITERS

Launch Peerless, on Which the Dynamite Was Shipped From Giant, California, Has Been Traced to Where the Vessel Was Met by an Automobile

GETTING CLOSE
TO THE MURDERERS

Oakland, Oct. 4.—Answering perfectly the description of the launch Peerless, which is supposed to have carried the dynamite used to blow up the Los Angeles Times building, from Giant, the launch Pastine was discovered in Oakland harbor this morning. The police believe that the capture of the men who hired the Pastine on Friday, Sept. 20th, will mean the arrest of the parties responsible for the explosion in the southern California city.

Los Angeles, Cal., Oct. 4.—Search for the dynamite which destroyed the Times building last Saturday will be resumed today in all the country between San Diego and Los Angeles and from the ocean to the deserts.

There has been no cessation in the search for the conspirators here. The police are more confident than ever that the hunt in San Francisco will produce important results.

Messages were sent to the launch Peerless, on which the conspirators are supposed to have shipped the dynamite from Giant, California, had been traced from San Pablo to Avila, on San Francisco bay.

According to information, the launch was met at the latter place by an automobile which immediately started southward. Messages were sent to police and constables in most of the coast and valley towns asking for information regarding all motor cars touring parties seen traveling southward since September 23.

The police here don't believe that the dynamite was brought southward in an automobile. That would have been dangerous.

Searching for a Launch.

San Francisco, Cal., Oct. 4.—That important progress in the search of the perpetrators of the Los Angeles Times disaster may be made today is indicated by a statement given out here late last night by Earl Rogers, the Los Angeles attorney who is in charge of the investigation into the explosion. Mr. Rogers said:

"I would like very much to discuss this case, but think it would be very unwise at this time. We have important information in our possession, however."

He expressed the hope that the investigation would develop sufficiently today to warrant a disclosure of the findings.

Efforts are being made to trace the launch Peerless, in which the dynamite was shipped, to the place where it was taken away. A mysterious craft, appearing in every particular the description given of the launch, has disappeared from Richardson's Bay, Sausalito.

Frank Leeman, a fisherman, says the launch came into a cove at Old Sausalito on the night of September 20. He said he could see three men about it at night, but no trace of its occupants was to be observed by day.

When Leeman returned from his fishing on the morning of September 23, the boat was gone.

From the time the white launch was last seen at Sausalito by Leeman, it was not observed again until about 9 o'clock yesterday morning, when William Gorman saw what he believed to have been the same boat anchored off north Sausalito. At noon the craft had disappeared.

Aluminum letters forming the name "Peerless," which was the name of the craft that called at Giant, Cal., were purchased from a local firm on the evening of September 22 by two men who talked with two of the trio of suspects who bought dynamite at Giant.

More Bodies in the Ruins.

Los Angeles, Cal., Oct. 4.—The seven bodies and part of a backbone were recovered from the ruins of the Times building late yesterday. Several bodies are known to be pinned beneath the mass of twisted steel girders, but it is impossible to recover them until this steel has been removed. The bodies are close together, and this is accounted for by the belief that they fell down the elevator shaft.

It is impossible to identify six of the bodies recovered.

The police are at present on twelve-hour instead of eight-hour shifts. The extra four hours are spent at police

headquarters as members of a reserve force, which numbers one-third of the members.

The non-union iron men employed at the Lewellyn Iron Works were thrown into a panic yesterday afternoon by the discovery of what was supposed to be an internal machine in a brick warehouse near the plant, but which later turned out to be a sort of grim joke.

Some one had arranged a small electric light buzzer with a crock and two dry cell batteries attached in a tin box and secreted it in the warehouse. The continued buzzing attracted notice and the police were sent to the warehouse, but they said it was not dangerous. It is supposed some one was trying to scare the workmen.

BEES DELAY BURLINGTON

Traffic Blocked for Hours While Infuriated In- sects Are Active

Brush, Colo., Oct. 5.—Seventy-five hives of infuriated bees played an important part in delaying traffic on the Burlington railroad here yesterday, following a collision between two freight trains, in which twenty freight cars were destroyed and a large quantity of merchandise damaged.

The bees were in a car of household goods billed to California. They swarmed about the wreck and kept the wrecking crew at bay for several hours before they were smoked out.

S. D. Nelson of Upland, Neb., the owner of the bees, who was traveling in the car with his goods, suffered the only injuries resulting from the wreck. He was severely stung before he could make his way out of the car.

OPPOSE MEDICAL EXAMINATION

New York, Oct. 3.—The first report on the work of the woman's night court established in New York a month ago shows that the number of women arrested during the month for disorderly conduct was 446. Of this number 263 were convicted and sentenced.

Under the law governing the court, a fingerprint record of all the women convicted has been taken. Fifty-three of the total number arrested were subjected to medical examination and 40 of these were sent to the hospital ward on Blackwell's Island to serve out their sentences.

All the suffrage organizations of the city are preparing to fight the medical examination feature of the law and representative club women will go to Albany this winter to urge its repeal. The court reports show that three out of every five medical examinations become hospital cases. This the defenders of the court point to in justification of its existence; also the fact that the number of arrests for the month shows a decrease over a year ago of sixty per cent.

CHINESE PAID \$550
TO ENTER CANADA

Vancouver, B. C., Oct. 4.—As a result of investigation of alleged Chinese immigration frauds at Vancouver the Canadian department of trade and commerce has issued an order that hereafter certificates of previous residence in Canada must be written in French or English and not in Chinese, that Chinese who present fraudulent certificates must pay the \$2500 head tax or be deported and that in the future, when a Chinese departs from Canada, he shall be photographed and the picture attached to the certificate entitling him to return.

The investigation revealed that Chinese were buying in China for \$550

gold a complete equipment for entering Canada. This consisted of the steamer ticket, a forged entry certificate, written in Chinese, and bogus drafts and checks to make up the amount of riches required by the immigration laws.

BRIGAND CAPTURED SOLDIERS SENT IN PURSUIT OF HIM

Vladikavkaz, Trans-Caucasia, Oct. 4.—Troops sent in pursuit of the brigand Zelim Khan were ambushed by his band, and a rural captain, three minor officers and twelve soldiers were killed and many others injured. Reinforcements have been sent against the outlaws, but the absence of roads hampers operations.

The depredations of Zelim have been on such an extended scale that the authorities were compelled to detail three companies of infantry and a company of Cossacks to run down the marauders.

The expedition tracked the bandits to the border of Tiflis province and surrounded their camp pitched in an almost inaccessible gorge. The soldiers succeeded in capturing Zelim's father, his cattle and much booty.

COL. ROOSEVELT VISITED BY RAY STAGNARD BAKER

Oyster Bay, N. Y., Oct. 4.—Colonel Theodore Roosevelt left here by automobile for Freeport, where he is to speak today before the southern New York Firemen's association. He is to spend only a short time, returning to Sagamore Hill late in the afternoon.

Colonel Roosevelt will go to New York tomorrow and start on his southern tour for the following day.

Ray Stagnard Baker, a magazine writer, came down from New York today to take lunch with Colonel Roosevelt.

AEROPLANE WILL AID THE ARMY

St. Louis, Oct. 4.—Major General Leonard Wood, chief of staff of the United States army, was an impromptu speaker at the convention of the National Guard association here. The National Guard he said, is the standard of the nation.

He elaborated on his former statement of the use of aeroplanes by saying that the aeroplane would be the great aid to the army in the future.

Its usefulness, however, can be demonstrated only by young men who have money and time, as the army is facing an economical crisis.

Papers of a technical nature were read by the officers of the regular army today.

VANNUTELLI'S WELCOME TO NEW YORK CITY

New York, Oct. 4.—New York today welcomed Cardinal Vannutelli, the papal legate, who is to officiate at the coming dedication of St. Patrick's cathedral.

The city's greeting started on the New Jersey side, with the welcome extended to him by Archbishop Farley and a delegation of priests of the diocese of Hoboken, following a brief stop of the cardinal's party at Newark as the guests of Bishop O'Connor on their way from Cresson, Pa.

FOREIGNER WILL NOT FLY.

Chicago, Oct. 4.—James Radley, the only foreign aviator who had entered the Chicago-New York aeroplane race for the \$30,000 prize offered by the Chicago Evening Post and the New York Times, will not fly.

Telegrams from him this morning directed that his name be taken from the entry list because of his inability to get his Blériot monoplane to Chicago in time.

KILLED THE WRONG MAN.

Lexington, Oct. 4.—A victim of a feud, Isaac Mathewson, a former Magoffin county citizen, was shot and killed today from ambush. The intended victim of the assassin turned the same mountain path a few hours later and found Mathewson's body early today. The man whose death had been planned was warned and he delayed his trip across the mountains.

UNWRITTEN LAW EFFECTIVE IN PITTSBURGH CASE

Pittsburgh, Oct. 5.—Thirteen-year-old Katherine Botti, who admitted the killing of her godfather, Pasquale Volpe, with an axe and red hot poker, was cleared of a murder charge late today by a jury, after an hour's deliberation. The defense had been wholly based on the unwritten law. The girl is about to become a mother.

CASH PRIZES FOR AVIATION MEET TOTAL \$64,000

New York, Oct. 3.—Cash prizes aggregating \$64,000 are announced in the

forthcoming official program for the international aviation meet to be held at Belmont Park, Oct. 26-30. This is the largest prize list ever presented at any aviation meet. The amount will be largely augmented by the aviators' share in the gate receipts.

Announcement is also made of a special prize of \$2,500 which is to be awarded among American aviators who take part in the elimination contest for the selection of the trophy team to represent this country.

From Paris comes the news that Arthur Stone, an amateur aviator of Brooklyn, N. Y., who holds a license from the French Aero Club, will enter the contests as an American. He has recently done some sensational work in Paris. John D. Molsant, the Chicago aviator who flew from Paris to London with a passenger, has also decided definitely to be a competitor.

BOYS HAVE THEIR GANG

And You Must Appeal to the Boy Through His Gang

Chicago, Oct. 3.—"If you want to appeal to a boy you must cultivate his gang."

This is the conclusion of Prof. Allan Hoben of the University of Chicago, after an exhaustive study of the subject, "Boys."

He told an audience at the Fuller-ton Avenue Presbyterian church his ideas about the topic last night when he gave an address on biology and the boy nature.

Prof. Hoben has reached the conclusion that "boy" in the stages between 12 and 16 years has instincts as primitive as those of the cave dweller. His reasons are:

"The boy's love for his gang."

His love for "vagrarancy" which the speaker included under the head of wandering and the boy's love for adventure.

His love for fire, even on the hottest summer days.

His love for physical exertion and for "mixing up" any old time."

"The animal instinct in a boy is like that in a little savage," declared the professor. "I have made investigations in south side districts of this city and I discovered that 'gangs' existed on an average of one in every two blocks."

The time has come when we must take cognizance of this "gang" spirit if we hope to win the boy's confidence. We must appeal to him through his "gang."

In several instances where we gained the confidence of the "gang" we organized athletic clubs and in this way we appealed to the love of the boy for physical exertion. Through this agency we could teach the boys of higher things. It is almost impossible to convert the individual boy. When you convert him you must convert his entire "gang."

RADIUM IS ONLY \$2,100,000 AN OUNCE

New York, Oct. 4.—Radium is growing cheaper. Sir William Ramsay, in a recent London lecture, stated that in present market price is only \$2,100,000 an ounce—a drop of \$900,000 from the quotation given out by Sir William in January. A radium bank has existed for some time in Paris. Last January one was started in London and similar institutions are to be established in New York and other cities. These banks loan the precious substance to scientists and physicians. The cost is enormous. As much as \$200 has been charged for the use of 100 milligrammes for a single day.

BANKERS INTERESTED IN REPORT ON BILLS OF LADING

Los Angeles, Cal., Oct. 4.—Delegates to the thirty-sixth annual convention of the American Bankers' association met in the Auditorium this morning as a committee of the whole to receive the reports of the various committees, that being waited for with the greatest apparent interest being the report bearing upon bills of lading.

The convention was called to order at 10 o'clock by President Lewis E. Pierson. Registration at the headquarters of the credentials committee showed the arrival of more than 2,000 delegates, and officials of the association say they expect at least 2,500 by night.

DR. MADRIZ WORKING NORTH

Washington, Oct. 4.—Dr. Madriz, the former president of Nicaragua, is working north. Honduran American Minister McCreery cabled the state department that Madriz, exiled from his native land after his rule at the Mangua palace, left Amalpa, Honduras, yesterday for Mexico.

The deposed president, with seventy or more of his followers, arrived in Amalpa in August and it was expected he would go to Costa Rica.

The United States government is not greatly interested in the movements of Madriz or his adherents.

GOV. BRADY MAY SUCCEED FRANK MONDELL

Spokane, Oct. 4.—Gov. James H. Brady of Idaho appeared today to be the strongest possibility for president of the Dry Farming congress to succeed Frank Mondell of Wyoming. Representative Scott of Kansas is likely to be a contender for the presidency.

Owing to the illness of the president of the congress, F. W. Mondell, the gavel was wielded today by Alfred Kendon, chairman of the board of governors.

FLIGHT OF AEROPLANES

Blazing the Route for Bird Men on Saturday

Chicago, Oct. 4.—Plans for blazing the route of the aviators in the Chicago-New York race, which is scheduled to start next Saturday, were completed last night. "Smudges," sheets spread out on roofs and captive balloons are among the signals which will designate the seventy-eight stations on the route. Generally speaking, the aviators will follow the route of the Lake Shore & Michigan Southern railroad to Buffalo and the New York Central the remainder of the way.

In approaching towns, signals will show the aviators where to turn off the path of the railroad to fly around to a good landing place.

A pathfinding automobile will leave Chicago today to establish a relay service of motor cars all the way to New York. A fast car will be engaged at each important town on the route to be in readiness for a telephone call to carry rations, supplies or medical aid to the aviators.

The aviators will fly in a custer in order to be of aid to each other in case of accident.

OPENING SESSION OF THE BANKERS

Los Angeles, Oct. 4.—Bank laws and needed legislation protecting banking institutions were the most important themes at the convention of the American Bankers' association today. The convention was called to order by President Louis E. Pierson, president of the Irvine National Exchange bank of New York.

Addresses of welcome were made by Mayor George Alexander of Los Angeles and S. W. H. Holliday, president of the Los Angeles Clearing House association.

The opening session of the convention will be devoted to addresses and reports of President Pierson, General Secretary Farnsworth, Treasurer P. C. Kaufman and General Counsel Thomas B. Paton.

Much interest in the opening of the Panama exposition in 1915 is being shown by delegates and lobbying by representatives of San Francisco and New Orleans is waxing warm.

Frank L. Brown has opened San Francisco headquarters and is making a campaign among the delegates. Sol Wexler, a New Orleans banker is working diligently for the Crescent city.

WOLGAST'S ARM BADLY INJURED

Chicago, Oct. 4.—Ad Wolgast, the lightweight champion, may never fight again. An examination of the champion's left arm, which was broken in his fight with McFarland at Fon du Lac last week, was made today. The arm was broken just below the elbow, and the attending physician said Wolgast will not be able to fight again for four months and perhaps may never be able to use the arm in hard fights again.

BLACK HAND AT WORK IN DALLAS

Dallas, Oct. 4.—Following the attempt of Black-Handers, Sunday, to shoot Vito Genovese, an Italian merchant, and the killing Monday evening of Caroline Bicanio, the nine-year-old daughter of Joe Bicanio and the wounding of the latter, Italians in Dallas are in a panic. The police to-day are trying to run down the assassins. Genovese has a broken ankle, caused by a pistol bullet. It is the second attempt on his life within a few months. A shotgun and pistol were used on Bicanio and his little daughter by two unknown Italians, who escaped in a buggy.

PLAYED INDIAN WITH HIS SON AND IS WOUNDED

Shabbona, Ill., Oct. 4.—Joseph Nolan, editor of the Shabbona Express and the Lee (Illinois) Times, while playing "Indian" with his eight-year-old son today, was shot and fatally wounded by the child.

COWBOYS SHOT UP AN ARIZONA TOWN

Globe, Ariz., Oct. 4.—In a burst of playfulness, a number of cowboys from Pinal county invaded the town of Winkelman, near here, Sunday night, and, in the absence of the sheriff, "shot up" the place in approved style. Lights were broken and bar rooms cleared, but the cowboys' reign was short, and, as far as can be ascertained, no one was injured. The affair will be investigated.

THIRTY WOUNDED.

Cologne, Oct. 4.—Thirty persons were wounded in conflicts between police, and striking cavators last night. One policeman probably will die from his injuries.

MILE A MINUTE MADE BY AUTOS IN PRACTICE

Philadelphia, Oct. 4.—Mile a minute time was made in practice early today by some of the automobile drivers entered in the 200 miles road race in Fairmount park next Saturday. The course is 3.14 miles long and the record is 7.41. The task of dragging the river for bodies was continued. The list today still stood, as given out by the fleet officials, at twenty-three probably dead and eight missing.

The board of inquiry resumed its sessions today, when it was expected that the testimony of Midshipman Godfrey Chevalier, who was in charge of the wrecked boat, would be taken.

dent. There are seventy-two entrants for the big race and among the drivers are Grant and several who competed in the recent Vanderbilt race.

The contestants will be divided into three classes, the winner in each receiving a prize of \$1,000 and \$2,500 will go to the car making the fastest time in the race.

CHINAMAN LEAVES MONEY TO PRESBYTERIAN CHURCH

New York, Oct. 4.—One public bequest is included in the will of a Chinaman, Wong Hooey Hong, which has just been filed in the surrogate's office here. The Sunday school of the Third Presbyterian church in Newark is to get approximately a tenth share of the estate to be used as an endowment fund for missionary work among the Chinese in Newark. The estate is said to be worth about \$10,000.

BURNED AT THE STAKE

Negro Is Put to Death for an Assault on a White Woman

Montgomery, Ala., Oct. 4.—Six hours after he had attacked Mrs. Hiram Stuckey, a young woman of Covington county, Bush Withers, a negro "trusty" at the Henderson county camp, was taken from the warden last night while on route to prison at Anadulula, tied to a stake by an infuriated mob of 400 men and burned.

The mob dispersed, leaving no traces of their fury, save the ashes of the negro.

The crime of the negro was committed early yesterday when he went to the arm of Mr. Stuckey to get drinking water for fellow convicts who were at a camp near by.

Entering the house, it is declared, the negro assaulted Mrs. Stuckey, who was alone, after which he clubbed her into insensibility in an effort to stifle her cries. It is thought that the woman's condition is precarious.

Mrs. Stuckey informed her rescuers of the assault, naming the trusty who knew the negro. The negro was caught and hurried to the stockade at Sanford, six miles from Anadulula.

On hearing rumors of a mob, Warden J. T. Long at 9 o'clock attempted to spirit the convict to the prison at Anadulula, but was intercepted on the outskirts of the village.

WOLGAST'S ARM BADLY INJURED

Chicago, Oct. 4.—Ad Wolgast, the lightweight champion, may never fight again. An examination of the champion's left arm, which was broken in his fight with McFarland at Fon du Lac last week, was made today. The arm was broken just below the elbow, and the attending physician said Wolgast will not be able to fight again for four months and perhaps may never be able to use the arm in hard fights again.

BLACK HAND AT WORK IN DALLAS

Dallas, Oct. 4.—Following the attempt of Black-Handers, Sunday, to shoot Vito Genovese, an Italian merchant, and the killing Monday evening of Caroline Bicanio, the nine-year-old daughter of Joe Bicanio and the wounding of the latter, Italians in Dallas are in a panic. The police to-day are trying to run down the assassins. Genovese has a broken ankle, caused by a pistol bullet. It is the second attempt on his life within a few months. A shotgun and pistol were used on Bicanio and his little daughter by two unknown Italians, who escaped in a buggy.

PLAYED INDIAN WITH HIS SON AND IS WOUNDED

Shabbona, Ill., Oct. 4.—Joseph Nolan, editor of the Shabbona Express and the Lee (Illinois) Times, while playing "Indian" with his eight-year-old son today, was shot and fatally wounded by the child.

COWBOYS SHOT UP AN ARIZONA TOWN

Globe, Ariz., Oct. 4.—In a burst of playfulness, a number of cowboys from Pinal county invaded the town of Winkelman, near here, Sunday night, and, in the absence of the sheriff, "shot up" the place in approved style. Lights were broken and bar rooms cleared, but the cowboys' reign was short, and, as far as can be ascertained, no one was injured. The affair will be investigated.

THIRTY WOUNDED.

Cologne, Oct. 4.—Thirty persons were wounded in conflicts between police, and striking cavators last night. One policeman probably will die from his injuries.

MILE A MINUTE MADE BY AUTOS IN PRACTICE

Philadelphia, Oct. 4.—Mile a minute time was made in practice early today by some of the automobile drivers entered in the 200 miles road race in Fairmount park next Saturday. The course is 3.14 miles long and the record is 7.41. The task of dragging the river for bodies was continued. The list today still stood, as given out by the fleet officials, at twenty-three probably dead and eight missing.

The board of inquiry resumed its sessions today, when it was expected that the testimony of Midshipman Godfrey Chevalier, who was in charge of the wrecked boat, would be taken.

LA FOLLETTE IN HOSPITAL

Wisconsin Senator Has Eight Gall Stones Ex- tracted by Surgeons

Rochester, Minn., Oct. 4.—Senator LaFollette was operated upon for gall stones at 8:20 a. m. today and the operation was completed at 8:40 a. m. Eight stones were removed from the gall bladder. Prospects for recovery are good.

Just before Senator LaFollette was removed to the operating room, a statement was given out saying that, unless unforeseen complications arose, the senator should rally from the operation in a few hours and pass the crisis before noon tomorrow at the latest.

Senator LaFollette passed a restless night at the hospital. Mrs. LaFollette and Mrs. Fox, Keenan and Hooper of Madison, Wis., were with him until the staff physicians came to prepare him for the operation.

Senator LaFollette said he had no misgivings as to the outcome.

WORLD'S MARKETS

DECREASE IN THE ACTIVITY OF WOOL

Boston, Oct. 4.—There has been a decided decrease in the activity of the local wool market the last few days, although small millers are still replenishing their bins. Large manufacturers appear to be supplied and the foreign demand has eased. Prices are well maintained and dealers show a disposition to hold for a rise.

The majority of transactions have been in small lots, with the bulk of trading in Territory wools. Montana staple sells at 23 1/2 in grease with 55c for half-blood cleaned. Some sales of Ohio unwashed decline at 26 1/2 to 27 are reported but medium fleece wools are in light demand.

There is some activity in local circles in foreign wools, but pulled wool continues dull.

PROFESSIONAL OPERATORS SELL ON THE ADVANCE

New York, Oct. 4.—The opening movement of prices of stocks today was uncertain and irregular and with a very narrow range. Northern Pacific fell 3/4 and Minneapolis, St. Paul and Sault Ste Marie advanced 5/8. These were the most conspicuous changes. Dealings were small.

Higher prices in some of the standard stocks brought out realizing orders, the reaction reaching a point in Union Pacific, Reading and Chesapeake & Ohio, and causing the list generally to sag below yesterday's closing.

The stock market was influenced by technical considerations.

Professional operators sold stocks on the ground that reaction was due on account of the extent of the duration of the preceding advance. The supply proved discouraging to the efforts to bid up prices. Such an effort was made in the second hour, but prices yielded to a lower level than before.

Bonds were irregular.

Chicago Livestock.

Cattle, receipts estimated at 5,000; market steady, heaves 4.90@7.00; Texas steers 4.10@5.50; western steers 4.60@7.00; stockers and feeders 3.40@5.70; cows and heifers 2.20@6.30; calves 2.50@9.75.

Hogs, receipts estimated at 12,000; market slow, light 8.65@9.00, mixed 8.20@9.00, heavy 8.10@8.90; rough 8.10@8.30, good to choice heavy 8.30@8.90, pigs 8.10@8.90; bulk of sales, 8.40@8.75.

Sheep, receipts estimated at 45,000; market steady, shade lower, native 2.40@4.20; western 2.75@4.75; yearlings 4.30@5.40; lambs, native, 4.50@7.00; western 4.75@6.90.

Omaha Livestock.

Omaha, Oct. 4.—Cattle, receipts, 10,000; market steady. Native steers 4.40@7.30; cows and heifers, 3.60@5.50; western steers 3.75@6.40; Texas steers 3.60@5.20; range cows and heifers, 3.60@4.80; canners, 2.75@3.40; stockers and feeders 3.00@6.00; calves 3.60@7.00; bulls, stags, etc., 3.60@4.75.

Hogs, receipts, 4,200; market shade lower; heavy, 8.20@8.55; mixed 8.20@8.40; light, 8.50@8.75; bulk of sales, 8.25@8.40.

Sheep, receipts, 25,000; steady, yearlings, 4.50@5.40; wethers, 3.60@4.25; ewes 3.25@3.85; lambs, 6.40@7.00.

Chicago Close.
